Introduction

When it comes to your important, sensitive company documents – you simply can't afford to have them laying around.

Elite Built's Fire Resistant Filing Cabinets are tested in a furnace to 600 degrees Celsius for one hour to ensure they are up to the task!

So if you have documents that need serious protection – we have the filing cabinet for you.

Features

- Top drawer combination lock control.
- Selective locking system that permits locking of any drawer independently or collectively.
- Adjustable dividers for each drawer.
- All drawers independently fire resistant, should one drawer be left open the others will remain fully protected.
- Rugged suspension allowing the drawer to roll effortlessly even when fully loaded with files.
- 5 year warranty.

Important weight note

Please ensure that the floor surface the unit is placed on has appropriate support. Delivery of fire resistant units attracts an additional charge due to the specialist loading and unloading requirements.
